Hi Pat,

I was just alerted that Ramona could meet April 4<sup>th</sup>, not April 3<sup>rd</sup>. I hope we can work something out. Thanks, David

Hi Pat,

I understand you are now acting as State Oil and Gas Supervisor, with Tim's retirement. Welcome! I manage the UIC program at EPA Region 9 (San Francisco office), and have worked closely with Tim and his staff on CA's Class II UIC program.

I am writing to ask whether you (and Mark Nechodom?) would be available on April 3<sup>rd</sup> to meet with some folks from our Headquarters Office of Research and Development (Ramona Travato and staff) about hydraulic fracturing. This would be an opportunity for them to talk to you all about EPA's national efforts, including ORD's ongoing hydraulic fracturing study, and to hear about the initiatives in CA. I can follow up with specific attendees and logistics if that date will work for you.

I look forward to meeting.

David
